

Position Title: Senior Ph.D. Biostatistician (Office of Biostatistics & Quantitative Health Sciences (BQHS), University of Hawaii John A. Burns School of Medicine; <http://biostat.jabsom.hawaii.edu>)

Duties & Responsibilities: The Senior Ph.D. Biostatistician will independently provide research design, and statistical analysis support to diverse research projects; develop collaborations with researchers; participate in report, manuscript, and grant writing; serve as biostatistician on grant proposals and write statistical analysis plans; provide statistics-related education and training; conduct statistical methodology research; lead various academic and research activities of BQHS; serve as a mentor for biostatistician staff, and perform related tasks as assigned.

Position Qualifications: Minimum Qualifications: Ph.D. Degree in Biostatistics, Statistics, or related quantitative fields from an accredited college or university. At least five years of post-doctoral collaborative research and consultation experience, experience interacting with multiple research investigators on research design, and statistical data analysis. Experience with grant proposal support and track record for successful securing of extramural funding for independent and/or collaborative research. Demonstrated ability to plan and organize professional activities. Ability to work both independently and lead a team. Demonstrated ability to set and adjust priorities. Self-motivated and enjoy the challenge of analyzing complex problems and developing possible solutions. Teaching experience. Ability to maintain highly sensitive, confidential materials and be compliant with protected health information privacy rules. Must have critical thinking and excellent oral and written communication and interpersonal skills. Preferred Qualifications: Graduate level course work and research experience or degree in biological sciences or computer sciences. Experience working in a medical center biostatistics facility. Supervisory experience working with analysts and/or junior statisticians.

To Apply: Please submit cover letter indicating how you meet the minimum and preferred qualifications, CV, and copy of college and graduate school transcripts, and names and contact of at least three professional references to the University of Hawaii JABSOM Office of BQHS at **qhsjobs@hawaii.edu**
